MT FORREST PROJECT

Overview

The Company is continuing to review development options for the Mt Forrest Iron Project.

Funding alternatives continue to be pursued but none were identified during the quarter ended 31 December 2016. No geological or other activity has been undertaken for the quarter.

The Company regenerated a review of the gold bearing potential of these tenements as a result of renewed interest in gold exploration generally. Historical gold results are being re-analysed with a view to formulating a programme to further assess the gold potential of these tenements.

MEEKATHARRA PROJECT

Overview

During the December 2016 quarter the Company acquired a 100% interest in an exploration licence (Exploration Licence 51/1705) located in the Meekatharra Region of Western Australia. Based on previous knowledge of the area, and prior work in the vicinity on tenements formally held by Mindax, the Company has formed the view that this tenement is prospective for gold mineralisation. In conjunction with ongoing discussions with various parties, the Company is aiming to develop an exploration programme and funding plans during the current quarter.

TENURE

A total of 8 tenements covering more than 50 km² were held as at 31 December 2016. A list of the tenements and their locations are set out at Annexure "A".

CORPORATE

The Company continued discussions with parties who have expressed an interest in joint venture, farm in or outright sale/purchase of the mineral properties held by Mindax. These discussions are ongoing.

Capital Structure

The **current** issued capital of the Company is as follows:

Number Quoted	Class
574,153,570	Fully paid ordinary shares.

On 16 December 2016, the Company issued 23,200,000 ordinary shares at \$0.005 per share to raise \$116,000, and on the same date the Company issued a further 6,160,000 ordinary shares at \$0.005 per share as consideration for services received valued at \$30,800. Both transactions were in accordance with approval obtained from shareholders at the Annual General Meeting of the Company held on 30 November 2016.
